ACTING PRESIDENT'S MESSAGE

PLEASE CHECK YOUR MAILING LABEL TO SEE IF YOUR DUES ARE OVERDUE
[Overdue is any year prior to 2010. If in arrears, your payment is applied back to year when first overdue.)

By Robert Weaver

Your Historical Association has been very busy this summer. With the help of the Fire Fighters Local 1965, Mountain View Fire Department, their $800.00 donation to the Museum project enabled us to purchase the paint and the solar vent system to properly prepare our storage container for items donated to the museum. The firefighters also volunteered to paint the container for us as well. Tom Erichsen donated his time and talent to the project by cutting holes and welding in the ventilation grids and Tom also fabricated the mounting brackets for the two solar panels that power the system. This outpouring of community support for the museum encourages us.

On June 8, the Firefighters once again answered our call by mustering a small army of men and women at Bill & Loraine Viscovich's home to lower the windmill that John Vicsovich donated to the museum, and place it in the storage container. Photos of these events can be viewed on the associations web page; http://www.mountainviewhistorical.org.

Our August meeting is by tradition our BBQ. It is symbolic of Mountain Views rich agricultural past and the celebration of Harvest. The BBQ is always a very well attended event and I encourage each of you to make your reservations early. We will have raffle tickets and wine for sale, a super item for auction, in addition to the traditional bill of fare. I look forward to seeing all of my old friends, and to make new ones as well.

****

N E W -- AUCTION ITEM AT THE BBQ

Have you ever wondered what it would be like to have dinner with the firefighters? Wait no longer, Cliff Del Carlo has secured from the Mountain View Fire Department a dinner for 4, with the firefighters, at Fire Station #1.

This is a very rare opportunity and as such this will be an auction item separate from the raffle. This is a highly sought after prize, so please come prepared. The firefighters are known for serving up great meals and this opportunity only comes up once. Bring your kids, your grandkids or just be a kid again for the evening. The proceeds go directly to the Mountain View Historical Association.

****

NEW TO THE LIBRARY'S HISTORY CENTER

Submitted by Barbara Kinchen

A Book titled, "A Doctor's Story," by Dr. Richard Glyer, R. T. Glyer, Jr. and Helen P. Glyer with a photo album with pictures of the professional staff of Glyer Clinic and their social events of 1952 – 1981.

A program for a fashion show, Mountain View High School, undated.

1938 Yearbook, "The Owl," from Mountain View Grammar School.

A program for 1942 class of Mountain View High School's 50th reunion.

Yardsticks with advertising: One for Morton Furniture, another For Redwine Tractor Company, and one for M.B.L. Inc. at 440 Clyde Avenue, Mountain View.

ELECTIONS

By Bob Weaver

This November, just like our country, the Mountain View Historical Association will be looking for new leadership as we hold our bi-annual elections. Our Association is a dynamic force in the Mountain View community, moving forward with the History Museum & Education Center, our most ambitious undertaking in over 50 years. We need people on our board that will continue the progress we have made, and lead us on to the next level. If you believe that Mountain View is a wonderful and dynamic city, then you must also believe that its history is worthy of celebrating as well. This may not be your hometown but it is your children's. What will they know of it if you don't get involved now? Make your stand for Mountain View, Sunday, November 7.

MVHA'S INCOME & EXPENSE STATEMENT

Beginning balance as of 3/23/2010:	$10,374.70
Income:	1,609.03
Expenses:	-2,513.47
Ending balance as of 6/29/2010:	9,470.26

Note: This does not include the certificates of deposit funds

I REMEMBER: MEMORIES OF MOUNTAIN VIEW – 1930 THROUGH 1936

Going Back in Time

Submitted by Margaret Nakamura Cooper

When I was in college I had the idea to return to the old place I lived in Mountain View on Dale Avenue from 1930 to 1936. I turned onto the road from the El Camino Real and knew it was the right road since it was still called Dale Avenue. My parents, Nellie and Harry Nakamura, moved there from Los Angeles after losing their dry cleaning business when the Great Depression hit in 1929.

When I turned left onto a dirt road where I thought the long driveway used to be (it was dirt then too), I went as far as I could before there was a dead end. There was still a cherry orchard all around. A young man with a shovel over his shoulder asked me what I was looking for and I told him that I had lived somewhere around here 14 years ago. He told me his name and I figured he must be the grandson of Jimmy Dale, my father's landlord. I returned to the El Camino but not before being transported for a short few moments back to the dusty raspberry fields of the 1930's rural depression. I don't know what I was expecting, but it wasn't the wiped out feeling of not finding even a hint of what used to be there. I knew the house wouldn't be there since Papa had it moved to the Calvo's ranch on San Antonio Road near the railroad tracks. Mr. Calvo sub-let a small piece of his property to my father and we grew raspberries there too until World War 2 and the evacuation of all Japanese and Japanese Americans from the West Coast. I'm still glad I made the attempt to find the past but was unaware that Nature has a way of erasing the landscape in a few short years so that even traces are hard to find.

It's the same way I felt after looking at the land where the internment camp used to located, at Heart Mountain, Wyoming. It was 50 years later and the dusty barbed wire enclosure with tar papered barracks lined up row after row was now a beautiful meadow of green grass waving in the breeze. It was hard to believe. Yet it was the place because the iconic shape of Heart Mountain looked the same as before in the distance.

Eugene and Emily Calvo came from Spain and through hard work and persistence succeeded and left a legacy of success with children and grandchildren anyone could be proud of. He represents the epitome of what any immigrant strives for.

I met Trini Calvo in first grade and we became friends for a few short weeks when I had to return home since someone told the principal that I was a few months underage. Imagine my delight and surprise the following year when I learned that my old friend and I would be living on the same ranch even though she'd be a year ahead of me at school. We've been friends ever since and still correspond at least yearly through Christmas cards to keep each other informed about various members of our families.

Those early years seem even more distant since I turn 80 this year and I don't know where all those years have gone.

UNION PRINTERS AND A's IN CHAMPIONSHIP CONTEST SUNDAY EVE.

The Mountain View, A's and the Union Printers hook up in the long awaited game for the first half championship of the Inter-City League, in San Jose Sunday night, July 30, at Graham field. The Union printers lost the first half game to Mountain View by a score of 10 to 3 when Stan Anderson, Clyde Carmichael and Andy Janovich hit for a round trip in the first two innings of the game.

The second meeting of the two teams resulted in a 5 to 3 victory for the Union Printers after a battle royal on the field.

H. Wagnon of San Jose, the director of softball in that district, has agreed to have two umpires from San Francisco to work the games. The fans attending games in San Jose have voiced their dislike of the class of officiating they are getting at present.

The A's will have their full team on the field with Hal Carmichael pitching and the Union Printers will have Bud Bosque on the mound.

The game will be called at 8:45 P. M. The A's would like a good attendance from Mountain View supporters asking them to come in Fiesta attire.

Due to recent ruling regarding fights at the ball games in San Jose, all boxing gloves must be left at home.

Mountain View In Review

by Ed Ritter

CATHOLIC CHURCH

The graceful Romanesque architecture of St. Joseph Catholic Church adds beauty and dignity to the church district of Mountain View. St. Joseph's Church is the house of worship for about 2600 members of its parish. It is one of the newest and largest of the city's important structures and stands in sharp contrast to the church in which the first Catholics of this vicinity worshipped.

That first local Catholic church was a little one-room, frame building almost hidden from view by tall cypress trees. It stood on the spot where the Wells Trailer Camp is now located. Jesuits, who were the early teachers, and missionaries, had been sent out from the Santa Clara Mission in the '60s to establish that church.

One fortunate day in 1901, Father Cullin, who has since been honored by having been given the title of monsignore, was sent from San Francisco to be the administrator of the little church. The church prospered under Father Cullin, and two years after his arrival the large parish house immediately north of the new church was built.

By 1904 plans were being made for the erection of a new Catholic Church on the property that had been donated by Crisanto Castro. To help finance the project, Father Cullin sponsored a fair in old Olympic Hall, a large building that fell in the earthquake. The occasion was more than "just another fair"; it was one of the headline events in the history of Mountain View. Programs with outstanding speakers were nightly attractions and booths were operated by Mrs. R. W. McDonald, Mrs. B. Distel, Mrs. T. Miller, Mrs. B. Farrell and Mrs. C. Swall. The booths offered many prizes, most of which had been donated, and they were raffled off on the "Wheel of Fortune."

"The success of this fair and many later ones," W. P. Wright tells us, "was due to the popularity of Father Cullin." It has been estimated by those who helped promote the project that the proceeds ran well over $3,000.

Father Cullin was the administrator when the church was erected in 1905, and Mrs. R. W. McDonald had the distinction of being the first organist. After 1906, many notable fairs were held in the basement of the church, one of them netting proceeds of over $3800.

In 1928 the church was burned to the ground, the origin of the fire having been incendiary.

"Scarcely had the ashes of St. Joseph Church cooled before Father Galvin, the indefatigable pastor of the parish, had begun to lay plans for a new fire proof structure," recorded the Register-Leader of July 20, 1928.

The new St. Joseph Church, erected at a cost of $64,000, maintained the Spanish Mission legend, becoming the third important building of the community to follow the Spanish Mission pattern. Its predecessors in that style had been the elementary school on the highway and the local high school.

The present administrator of the St. Joseph Church is the Reverend Father Kennedy, and he is assisted by the Reverend Father Karrigan. The building in which they preside is an expressive symbol of Catholicism's past and present significance in the building of a beautiful Mountain View.

Mr. and Mrs. George Ricketts and family of Santa Barbara arrived on Sunday for a week's visit at the home of Mrs. Rickett's brother and sister-in-law, Mr. and Mrs. George Geus. This week they are also attending the World's Fair. On Sunday, Mr. and Mrs. Geus entertained as dinner guests Mr. and Mrs. Harold Geus of Oakland. Harold is a son of George Geus.
