ABOUT THE MEETING

Please join us for a Valentine's Day Social at our Winter 2018 MVHA Meeting. The meeting will take place on Sunday, February 10, 2019, in the Mountain View Public Library Community Room.

During the meeting, the MVHA Board of Directors will share some of our favorite historic objects from the Mountain View History Center's archives. As we've done at past winter meetings, we also encourage members and guests to bring an item related to local history for our annual members' "show-and-tell."

We hope to see you at the library!

President's Message

By Nicholas Perry
MVHA President

Winter Greetings!

As the MVHA's newly elected president, I'd like to start my first official message with some important thank you's.

First, I'd like to thank our out-going Board members: Nick Galiotto (past president), Eugene Sharp (historical data chair), and Alison Hicks (director-at-large). Nick and Eugene have both served on the Board for many years and have contributed in countless ways to the MVHA. I wish them well in their "retirement" from our Board and thank them for their years of service. And while Alison joined the Board only last year, during her short tenure we've truly benefited from her positive energy and ideas. She's stepping down to devote more time to her role as a newly elected member of the City Council. So, a big thank you and hearty congratulations to Alison!

With these three goodbyes come three hellos. I'm very pleased to welcome to the Board Robert Cox as our new vice president, Gil Lane as our new director-at-large, and Melissa Wright as our new historical data committee chair. You can learn more about each of them on page six of this newsletter.

And last, but not least, I'd like to thank my predecessor in this position, Candace Bowers. During a time of difficult transitions for the Board, I'm grateful that Candace was willing to step into the role of president, and I look forward to continuing to work with her in her new role as past president.

As I look ahead to 2019, I'm excited for the future of MVHA. This year our organization will celebrate its 65th anniversary. Our founding members created the MVHA to help ensure the City's history wasn't lost during a time of rapid growth in the 1950s. As Mountain View goes through another wave of rapid growth, the MVHA's mission to preserve and share the City's history remains just as relevant today as it was in 1954.

But at the same time, I also believe the MVHA should embrace the dynamic energy that exists in Mountain View today. Our organization is uniquely positioned to serve as a bridge between Mountain View's past, present, and future. The MVHA's events and activities can help connect people with local history in meaningful ways, create opportunities to celebrate the many things that make Mountain View special today, and help us learn from the past to plan a better future. I'm excited to be working with the Board and our membership to achieve these goals. And if you're reading this and would like to get more involved, don't hesitate to drop me a line at president@mountainviewhistorical.org.

Happy New Year!

-Nick

History Center News

By Candace Bowers
MVHA Past President

The History Center's collection of local newspapers has been digitized by the library, and it's available to browse and search on the Mountain View Public Library's computers through Digital ReeL, a product of BMI Imaging Systems in Sunnyvale.

The actual newspapers and the old microfilm reels will still be kept in storage in the History Center. The newspapers will appear just as they did in print, but Digital ReeL lets you search the text of articles, as well as advertisements, for keywords. There's a helpful "snipping" feature where you can "clip" and save a particular article or photo.

In compliance with copyright law, the newspaper collection must be viewed within the Library (on Library computers or on your own device via the Library's Wi-Fi network.) Our collection includes the following titles:

- *Mountain View Register Leader*, 1903–1964
- *Mountain View Daily Register*, 1953–56
- *The Mountain View*, 1960–61
- *Mountain View Pictorial Review,* 1962–63
- *Sunnyvale Daily Standard/Mountain View Register Leader*, 1963–65
- *Standard Register Leader*, 1966–68
- *Sunnyvale Standard*, 1968–69
- *Mountain View News Herald*, 1969–1970
- *Valley Journal*, 1970–79

The historic newspapers can be found on the Library's website, under "Learn About Mountain View History."

Veterans Day 2018

By Nick Perry
MVHA President

On November 11 the MVHA participated in the annual Mountain View Veterans Day Ceremony at the Veterans Memorial in Eagle Park. The ceremony included a special tribute to the 100th anniversary of the end of World War I.

MVHA President Nick Perry gave a short speech about what Mountain View was like during World War I, noting that the town had a population of about 1,000 people with 130 serving in the war. He also shared the history of the Veterans Memorial location at the former site of Mountain View Union High School.

The MVHA has been working on a new interpretive sign describing the meaning of the memorial and the history of Eagle Park will be added to the memorial. A mock-up of the sign was unveiled at the ceremony and a permanent sign will be installed in 2019.

Fall Meeting Photos

During the meeting guests browsed items usually stored in the library's History Center archives.

MVHA Past-President Candace Bowers shared a fascinating slide show talk on the history of the Mountain View Public Library.

Looking Back: Photos from the Archive

Although we're not sure if they were sweethearts in real life, Paul Levin and Claire Dale played the part in an amateur movie created with fellow Mountain View High School students in 1927.

Our archives feature photos of the pair at various filming locations around Downtown Mountain View. In the photo above, we see them in Mountain View's first city park, which was located along Castro Street between California and Mercy streets. The building in the background is the side of Mountain View's City Hall, built in 1909 and demolished in 1962.
